Wistra Elmetherm India Private Limited

www.indiamart.com/wistraelmethermindia

We are well known as reliable **manufacturer** and **supplier** of wide assortment of Special Purpose machines, Industrial Automations, and **Industrial Ovens.**

Profile

Established in the year **2009**, at **Bengaluru (Karnataka, India)** we, “**Wistra Elmetherm India Private Limited**”, are well known as reliable **manufacturer** and **supplier** of wide assortment of **Industrial Ovens**. This highly efficient product range includes **Kilns, Batch Ovens, Conveyor Ovens, Vertical Ovens, Carousel Ovens**. All our products are fabricated using the best grade raw material in compliance with the international quality standards.

Our state-of-the-art manufacturing facility enables us to provide our clients with superior quality products that feature the most innovative designs. These industrial ovens are tested for durability and reliability by our quality analysts, who leave no stones unturned to ensure that our clients get only the best products from us. Further, our advanced infrastructural facilities and in-depth industrial knowledge of our professionals about the latest technology have helped us in meeting our clients' upcoming requirements. In addition, our professionals work with client-centric and quality-oriented approach in offering utmost satisfaction to our clients. Quality, competitive pricing, customization and effective after sales services are some key factors due to which, we have managed to gain strong foothold in the market.

Under the motivating guidance of managing director **Mr. Philippe Blandinieres (Wistra Elmetherm France)** and dynamic team leader and **Director Mr. M. S. Shivaraj**, we have reached new heights and evolved into reputed manufacturer and supplier in the market. With their revolutionary vision and constant motivation to excel in our domain, our team feels immensely confident for achieving new goals.
